

- Play with the Status Light, and have tones or notes sync to the light changes. Make some pattern of 3 or more light sequences and notes. Have this repeat infinitely.
 - **Test this before proceeding.**
- Add in a 2nd task, so that at the same time the lights/tones happen, the robot moves in a square pattern.

See if you can use My Blocks for

- The led/sounds or the square movement instructions
- Any other parts you can think of.
